

Dear Parents and/or Guardians,

Since the first Camp Pursuit in 2013, NuMinds Enrichment has placed the highest priority on the individual camper's safety. This year is no exception. In-person camps (camps that students attend at a physical location) will be determined based on local, state and federal governance; recommendations from the Center for Disease Control (CDC); and best practices that ensure the safety and well-being of campers, staff, and families.

The following Q&A outlines our current policies and procedures as we respond to this global pandemic.

Q. Will my camp location be open this summer?

- The leadership team at NuMinds Enrichment will make decisions on each in-person location more than four weeks in advance of the camp start date; however, we must acknowledge that events can change daily. For example, new information and updated CDC recommendations could warrant closing a camp that was previously deemed safe to operate. We will communicate with all of our customers, via email, social media, and postings to our website.

. Q. Will there be an online version of Camp Pursuit?

- We are excited to launch Camp Pursuit World Edition! Our first online summer camp experience is offered from Monday, June 1st to Friday, August 21st. There are six camps, and each camp has two full weeks of

facilitated online learning (12 weeks total). Full details will be made available at www.camppursuit.com/worldedition

Q. What precautions are taken if an in-person camp remains open?

- For all in-person camps, additional training and supervision will be put in place to ensure adherence to the CDC's recommended precautions for preventing the spread of communicable illnesses, including:
 - Cover your coughs and sneezes with a tissue, sleeve or elbow, throw the tissue in the trash and wash your hands.
 - Wash your hands often with soap and water for 20 seconds. If soap and water are not readily available, use an alcohol-based hand sanitizer that contains at least 60% alcohol.
 - Avoid touching your eyes, nose and mouth with unwashed hands.
 - Clean and disinfect surfaces that are touched often.
 - Avoid close contact with people who are sick. If you are sick, stay home and seek medical attention if necessary.
 - If you suspect your child may have an illness, you should consult an expert and refrain from social activities until your child has been cleared for return.

Q. What if I don't want to send my kiddo to a camp I registered for?

- You may transfer registration to the entire summer of Camp Pursuit World Edition (a \$1200 value), free of charge, no questions asked. We fully respect the choice you make in regard to the safety of your family.

Q: What happens if an in-person camp is not able to be open?

- Instead of gathering in-person, we will experience camp online, in the Camp Pursuit: World Edition. Instead of one week, your child can now enjoy an entire summer of online learning (a \$1200 value) at no additional cost.

Q: What if I sign up for Camp Pursuit World Edition, and the in-person location remains open?

- Camp Pursuit World Edition is our way of providing an accessible camp experience online. However, if you intended to attend an in-person camp, simply let us know! We'll transfer your registration, no questions asked.

Q: Will Camp Pursuit World Edition be comparable to the in-person version?

- There are pros and drawbacks to switching to an online version of Camp Pursuit. The most obvious drawback is that parents are not able to drop their camper off, knowing that they will be safe and provided for during the day--the responsibility of supervision still exists within the individual household.
- However, there are many advantages to an online course. The biggest two are the selection of courses and the ability to extend the learning time. 1) Selection of courses: In-person Camp Pursuit allows for four to five courses delivered in a linear fashion; Camp Pursuit World Edition provides six courses simultaneously, allowing students to choose the topics and activities that best interest them. 2) Ability to extend the learning beyond the 9am - 4pm time frame: At in-person Camp Pursuit, the time students spend in a class is limited to the amount of time in that session. However, the Camp Pursuit World Edition allows students

to access and enjoy the learning at their own pace. We even grant an additional two weeks of access after the course has completed, so the camper is able to revisit and continue the learning.

Q: What if I just want to cancel, regardless of in-person or online?

- If you feel the best course of action for you and your family is to cancel, we respect your decision and we'll follow the original guidelines of our cancellation policy. A cancellation four weeks or more prior to the camp start date is issued a full refund of tuition (full amount minus \$50 registration fee). Any cancellation within four weeks of the camp start date forfeits full tuition.

We love Camp Pursuit! For us, it's more than a service, it's a calling. It's a unique place where kids can engage in collaborative, mixed-aged programs with inspired teachers; a place to pursue passions and cultivate talents. We hope this Q&A has clearly addressed questions you may have and that it helps each of us navigate these uncertain times. Please know that safety is our first priority, and we are doing everything in our power to ensure a safe and fun experience for your child this summer!

Sincerely,

Ben Koch and Justin Vawter
