\$75 per event or \$270 for four Saturdays (save \$30)

Mannsdale Upper Elementary School (MUES) is hosting a new STEAM Enrichment Event each month, January through April. These events are directed by MUES Science Teacher, Melinda Stringer, and created by NuMinds Enrichment, award-winning experts in integrated STEAM learning and storytelling. There are two opportunities to attend each month, Tuesday evening or Saturday morning. Events can be purchased individually or as a four-package deal (save 10%!). Spaces are limited. Please contact [hello@numien.com](mailto:hello@numien.com) for questions.
